

BEYOND TREND

2022 Trend Report

We would love to present the Bishop 2022 Trend Report to your team and your largest clients or prime targets.

Every year the 300+ years of Bishop team experience organically creates a trend forecast that encompasses all things fashion, but then weaves in the latest embellishment innovation given the hyper-branding mission is at the heart of what we do in concert with our creative agency partners.

• 6 TREND GROUPS • 13 SUBTRENDS

As trends are fluid, this content evolves throughout the year. Consequently our most advanced partners routinely request that we tailor trend presentations with both their merchandising teams as well as their largest clients.

These presentations can be both virtual, or most effective in-person given the added luxury of compelling garment samples to compliment.

Schedule a trends presentation with us and get ahead of the pack.
